DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 16, 2008 has been entered. Claims 1 and 8 have been amended. Claims 1-15 are pending.

Response to Arguments

Applicant's arguments, filed July 16, 2008, with respect to 35 USC 103(a) rejections of claims 1-15 have been fully considered and are persuasive in view of the claim amendment. The rejection has been withdrawn. However, upon further review, claims 1-15 are rejected under 35 USC 112 2nd paragraph as indicated below.

Claim Objections

Claims 1-15 are objected to because of the following informalities: In claims 1 and 8, the newly added limitation "... so that said enabling algorithms" is an intended use of the claimed invention and it is not clear whether the limitations after so that are actually performed. Please delete term 'so that' or make appropriate correction.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1 and 8, the terms 'enabling', 'for enabling' and 'capable of' renders the claims indefinite because it is unclear whether the limitation(s) following these terms are part of the claimed invention or not. Claims 2-7 and 9-15 depend from claims 1 and 8 respectively and are rejected under the same rationale.

Allowable Subject Matter

Claims 1-15 would be allowable if rewritten to overcome the claim objection and 35 USC 112 2nd rejections indicated above.
